

# Download Ethics In Educational Leadership Programs An Expanding Role

Our current technological trajectory promises unfathomable, roller-coaster innovation with no braking system. While the ride is exciting, it moves so quickly that we typically don't have time to think about the possible unintended consequences that might accompany it. This is the online home of the catalogue of Federal Government Leadership Development Programs (FedLDP). Here you will find a searchable electronic library of programs offered by Federal departments and agencies to foster the development of leadership skills in their employees. EMS systems have historically focused on providing patient care for acute illnesses and emergencies, a role that is reinforced by current payment practices that reimburse EMS providers for emergency responses.
