

Download Hot Shot Susan Elizabeth Phillips

In a single, impulsive act, Susannah Faulconer, the daughter of one of the country's most powerful industrialists, follows her heart and finds herself severed from her family and everything familiar. I've read several books by Susan Elizabeth Phillips and of them, HOT SHOT is my hands-down favorite. I found the characters rich and fascinating and I loved the backdrop of the birth of personal computers. My first Susan Elizabeth Phillips novel was Ain't She Sweet, and I was immediately blown away. In its complex, brilliant pages, she took the romance genre and used it to launch a beautiful rumination on love, regret, family, community, and memory. From San Francisco society to a sunbaked Greek island, come share a deeply romantic adventure, bursting with vitality-and discover the unforgettable woman called Hot Shot who made it all happen.
