

Download Internet Resources For Nurses

Registered nurses (RNs) provide and coordinate patient care, educate patients and the public about various health conditions, and provide advice and emotional support to patients and their family members. New to our website? If you are new to our website, you will need to create a user name and password. But first, we will search to see if we have a profile for you already in our database. The FNF exists to promote nursing and delivery of healthcare through the advancement of research, education and practice. Each year, funds are provided to RNs and students for scholarships and research grants. The Association of periOperative Registered Nurses (AORN) is the leader in advocating for excellence in perioperative practice and healthcare.
