

# Download Interpersonal Communication Study Guide

This lesson distinguishes between the various methods of communication used by managers, including interpersonal communication, nonverbal communication, written communication and oral ...Interpersonal communication is the process by which people exchange information, feelings, and meaning through verbal and non-verbal messages: it is face-to-face communication. What Are Interpersonal Skills? Interpersonal skills are capabilities to effectively communicate, socialize, connect, and cooperate with people in life, whether it be an individual or a group. The Interpersonal Communication area of study focuses on the importance of communication in human relationships. Students develop competencies to explore human interactions, assess barriers to communication in relationships and acquire communication skills necessary for successful personal and professional development.
