Opening Line: "He knew he was going to die." Killing Me Softly is a love story but not in the typical sense; it's obsessive, all consuming, violent, intense, desperate and ultimately terrifying. Killing Me Softly, by the acclaimed and bestselling author Nicci French, is a terrifying journey into the heart of obsession . . . You have everything. Following the success of The Memory Game, Killing Me Softly is Nicci French's third novel--a genuinely compelling, often compulsive, study of love and violence. Auf einer Novelle von Nicci French (Pseudonym des Literaten-Ehepaars Nicci Gerrard und Sean Fench) basiert dieser erotische Thriller, mit dem der chinesische Regisseur Chen Kaige sein englischsprachiges Kinodebüt liefert.
