Chapter 2 Pdf

The table below presents an abbreviated geologic time scale, with times and events germane to this essay. Please refer to a complete geologic time scale when this one seems inadequate. Pearson Prentice Hall and our other respected imprints provide educational materials, technologies, assessments and related services across the secondary curriculum. A star is type of astronomical object consisting of a luminous spheroid of plasma held together by its own gravity. The nearest star to Earth is the Sun.² Using variation in point estimates to model uncertainty The literature on the Drake equation contains dozens of point-estimate based calculations for N (the number of detectable civilizations in our galaxy).² These
