

Download Reclamation Managing Water In The West The Bureau Of Reclamation Origins And Growth To 1945 Volume 1 Great Depression Glen Canyon Dam Colorado River Hoover Dam Indian Land

The Bureau of Reclamation is seeking comments on the draft Environmental Assessment (EA) for the proposed modernization project for generating units 19–21 (G19–G21) in the Third Power Plant at Grand Coulee Dam. The proposed modernization project will provide continued, reliable hydropower production for 40 years or more and will ensure that Reclamation meets its contractual obligations for power generation.
