In my opinion, Audre Lorde is one of the best poets of our time. Her words create vibrant images in the mind, as well as indelibly printing their echoes on the heart. Whether harsh and dark, or light and singing, her verse is incomparable. This book, a collection of her works, can be nothing less than brilliant simply for being exactly what it is. I highly recommend it for anyone who likes poetry -- and even some who don't. Lorde can change your view of the genre if anyone can. Audre Lorde's collected works is rly good, there's always something new. Anne Carson's autobiography of red is one of my absolute favourites but it's also pretty weird and idk your tastes. For rich, diving into the wreck is the classic. Start reading The Collected Poems of Audre Lorde on your Kindle in under a minute. Don't have a Kindle?
