It's a book that offers richness after multiple readings. The Dreams Our Stuff Is Made Of: How Science Fiction Conquered the World (1998, ISBN 0-684-82405-1) is an overview of the interactions between science fiction and the real world, written by Thomas M. Disch, a noted author in the field. It is neither a history of science fiction nor a collection of personal anecdotes, but contains some of each, and is written in somewhat conversational style, designed to appeal to both a relative newcomer to science fiction and an expert in the field.
