InformationWeek.com: News analysis and commentary on information technology trends, including cloud computing, DevOps, data analytics, IT leadership, cybersecurity, and IT infrastructure. Cars, light trucks, and buses are irrelevant to preventing collapse. Short-haul trucks are triple the cost of a diesel equivalent on average, and at least 10 times more than a used short-haul trucks. Preface: Most people think that electric truck makers need to tell us the specs — the battery kWh, price, performance, and so on — before we can possibly know anything about their truck. Manhattan (/ m æ n ? h æ t ? n, m ? n -/), often referred to locally as the City, is the most densely populated borough of New York City, its economic and administrative center, cultural identifier, and historical birthplace. The borough is coextensive with New York County, one of the original counties of the U.S. state of New York.
